In Memory Of Debbie Dunn

"I cannot say and will not say
That she is dead — "She is just away."
With a cheery smile and a wave of the
hand

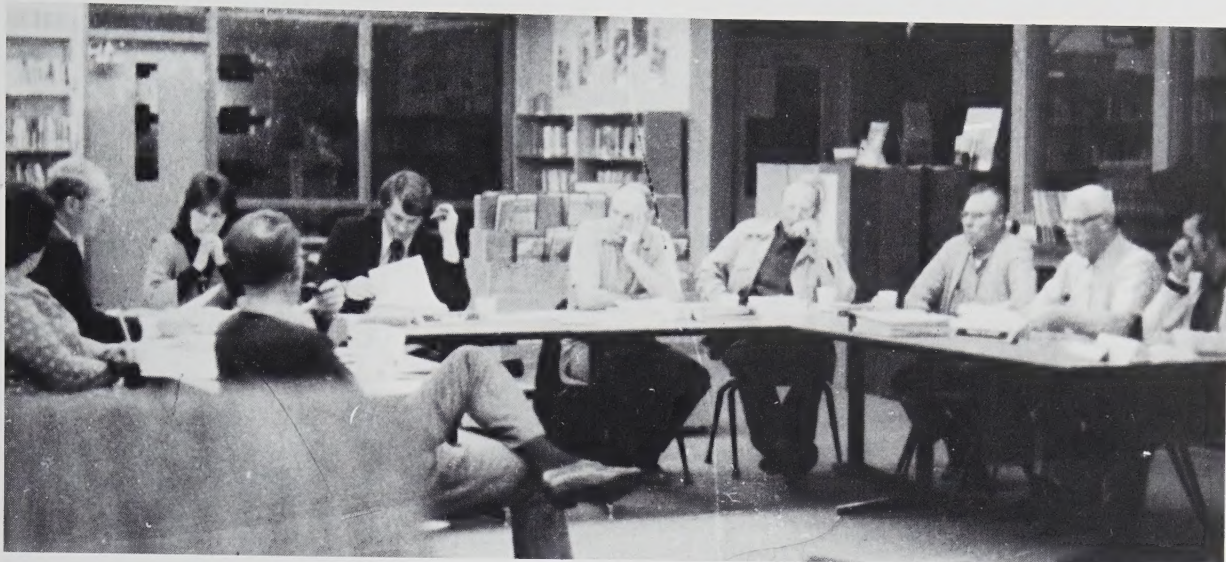

She is wandering into an unknown land
And left us dreaming; how very fair
It needs must be since she lingers
there.

And you — O you, who the wildest yearn
For the old-time step and glad return,
Think of her as faring on, as dear
In the love of There as the love of Here.
Think of her still the same, I say
She is not dead — she is just away."

From 1776 to 1976 teachers like these made America what it is today. These teachers made Warrenton High what it is and Warrenton High is making America what it is.

Teaching the knowledge they know best, these teachers are not just teachers, but friends which make the students of Warrenton High wasn't to learn. They respect the spirit of these teachers, the spirit of 1976.

With fierce and agile defense Warriors blew the starting season wide open. In the first league games the Warriors brutally punished their adversaries by holding them scoreless.

The atrocious defense was hand picked by head coach John Mattila who had great faith in the young men.

Warriors also suffered some upsetting moments with a loss to Concordia Lutheran in the last seconds of the game.

Not to be forgotten is the explosive offense led by a fierce front four and perhaps the swiftest back field in the league.

Warrior offense was held scoreless only once and outscored only three times all season. At the end of the season Warriors stood with a six and three record, but they didn't go out unnoticed.

UP. L.: Warrior deffence waits for strategy. BT.: Warrior diffence goes for sack.

Girls' Volleyball Enjoys 10-Win, 3-Loss Season

The Varsity Volleyball team, coached by Jessica Wallace, had a very successful season, with ten wins and three losses. Only one of these was League.

In the League tip-off, Veronica came in first, Portland Christian and Warrenton tied for second, Corbett was third, and Knappa came in last.

Homecoming 1975

World Of Fantasy

Homecoming 1975 really was a fantasy, especially for the Juniors who won the 1975 Homecoming trophy. Students and teachers alike worked to make this year's homecoming the best ever.

Queen Liane Bergerson and Princesses Lisa Speaks and Celia Lamping reigned over the 1975 Homecoming week while Dennis Dunn earned the title of "King Football."

The Classes worked all week for the Homecoming trophy, with hall decorations, serpentine, skits, and other activities. It was a close race but Juniors came out victorious.

The Homecoming game wasn't as we all had hoped for. The fatal score was 26-0, their favor.

Saturday night's dance, featuring, Four Door Apple, seemed to liven things up more than anything else.

Winter Playday

The day started off with a chorus of students roaming through the halls. They ended up in the gym. Mr. Hansen provided his band for entertainment along with some cheerleaders. Soon Mrs. Rupp gave her chorus a work out with the piano. Then the movie "God Bless the Beast and the Children" followed. After that came lunch, with the seniors leading the wolfpack to the pot luck. Finally came the last movie with the Marxs Brothers in "Horse Feathers" and the day ended with tired rear ends.

"76" Track Teams

Come Through

This year's Warrior track teams had a fairly good season, with the girls' winning in all but one meet, and the boys winning in none but never coming in last. Many new records were set this year. 7 Warrior track stars went to the state tournament at Lewis and Clark Col. Six of these were girls. Out of the six, four of them placed; Liane Bergerson placed 3rd in long jump, 16'3" and 7th in the 100 yd. dash, Diane Davis placed 5th in the 440 and set a new school record of 59.8, Jodi Watchorn placed 8th in both the discus, 94'6", and shot 35'8" also a school record, and Patty Johanson placed 8th in the Javelin with a throw of 116'1". Both coaches expect their teams to have a better year next year.

Student Government

Student Council of 1975-76 came through the school year successfully. They participated in several activities, most of which had something to do with the Bicentennial. Maple trees were planted by several WHS students, and as a money-raiser, members of the student council sold bicentennial patches.

Journalism

They had a wild time. Some took off to sell ads, as others stayed around using their time to make a successful newspaper - a record "9" editions this year. Mrs. Rupp was always helpful in getting responsive flashbacks from her "Dear Grannie" column. Many other articles stirred up dust clouds with the student body. Editorials such as "Cleaner Dishes" and "signed, Willis Didit" really got some big responses.

In the end, the newspaper was a successful accomplishment for all who worked on it, and Mrs. Rupp must have been very pleased with it.

P.S. Yes, she was!

Annual

In September plans were made to meet the December deadline. Copy and layout designs were mastered by the class. But somehow, the December deadline came and went!

The camera crew fell behind, pictures were lifted as fast as they were printed, and sabotage set in. (Mrs. Rupp will never forget the klutz who poured water into one of the developing chemicals!)

In June, the annual still had 70 pages to go. But, the pages did get done, thanks to a small faithful crew and a freshman volunteer, Mary Cutlip, who spent all day the Saturday after graduation putting it back together. Thank you small, faithful crew - Sheryl Depoe, Brian Meacham.

GIRLS' LEAGUE OFFICERS, LEFT TO RIGHT: Patty Johnson, Jennifer Catruthers, Lisa Speaks, Teri Patchinos, and Alice Hochnadel.

Girls' League

Since there has been a Girls' League at W.H.S., there have been girls of the month.

It is traditional for the League to pick a senior girl for a special quality, such as poise, leadership, and scholarship. At the end of the year one of the nine is honored as "Girl of the Year!"

Honor Society

Scholarship, Leadership, Service, and Character are outstanding traits of those students chosen for membership in the National Honor Society.

It is a privilege to belong to the society, and it is also a serious responsibility of the members to maintain those standards.

Warriorettes, Varsity, J.V.'s and Wrestling Rally Squads

It was a tough break for the spectators who saw the rally squads get all wet down to their bottoms during football season. They were glad when basketball season came, when everything was inside, including the yelling, ranging from rally yells to obnoxious outbursts - "Go. Elijah, Go!"

Wrestling season went pretty swell. Earl Lahti was rooted on to State to take first.

Thank you, Kay Searle, for a great job keeping them under control.

Science:

Finding Out Why

Physical Science is a new class offered at Warrenton along with regular classes of chemistry, biology, fish farm, and environmental science.

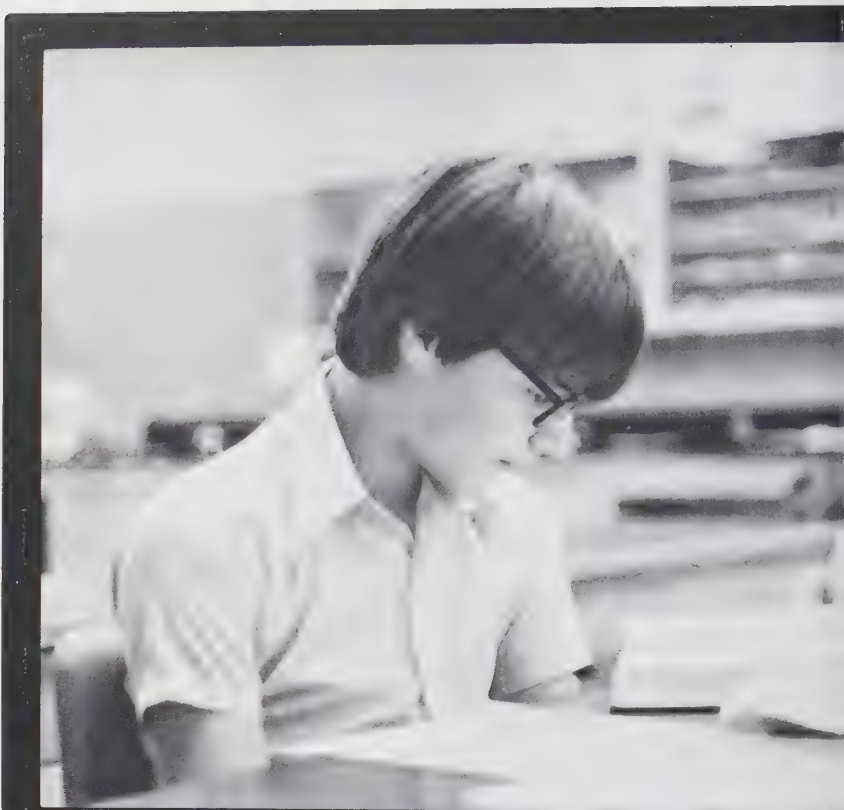

Physical science students are learning about density of materials along with Time in relation and location on the Earth.

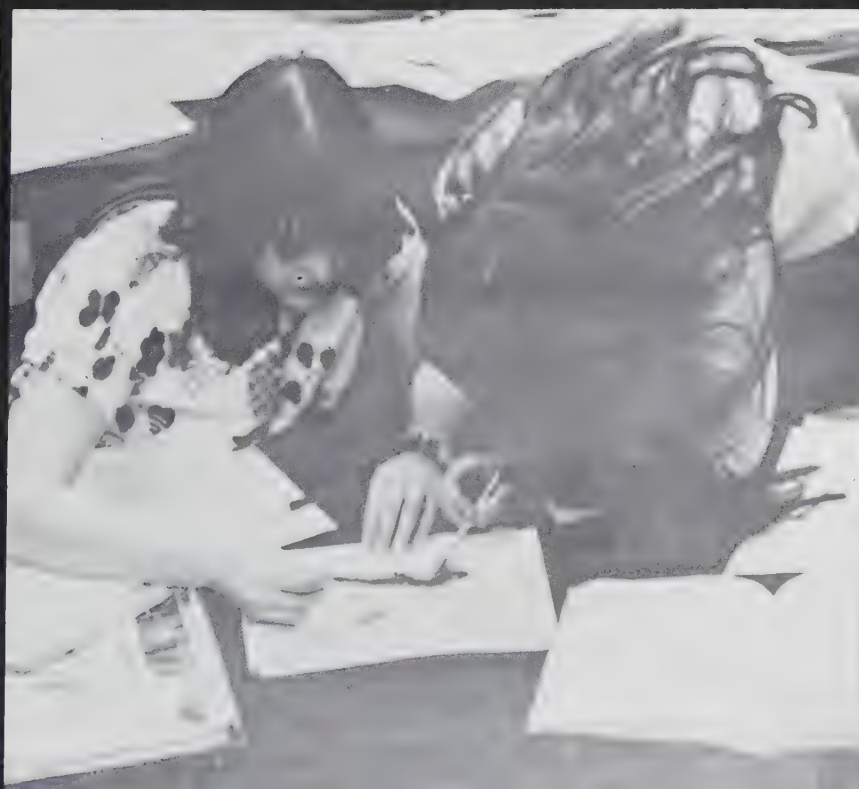

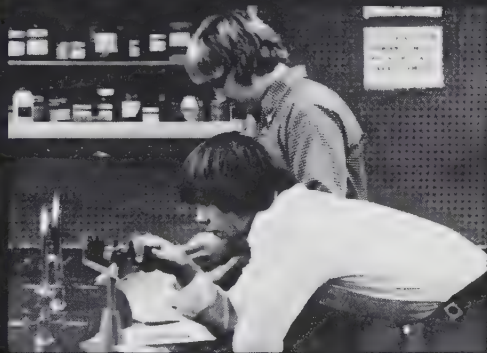

Chemistry students are learning about elements and compounds, their relation and reaction to other elements and compounds, teaching them why certain things happen.

Biology is a special class. The students learn about life and its aspects, from the tiny single-celled protozoa to the advanced Homo Sapien, and plant life.

Fishfarm is an elective where students learn about life through practical application. They raise salmon from the fertilized egg to their mature form in the life cycle.

Environmental science students learn to measure the livability of water towards all water-living animals. They test for Ph levels, saline content, and CO_2 in water.

English — something we could use more of

Learning to love and appreciate good books is but one of the advantages offered at Warrenton. English stresses the fulfilling of the lasting values to be gained by learning and being in that environment. English is a very important subject - and it should be, why because where would you be if you didn't know any English? Well it sure wouldn't be in this country. We at Warrenton have had a change in our English Dept. We are getting into different and more exciting fields of the language arts. This has improved the learning and the enjoyment of English.

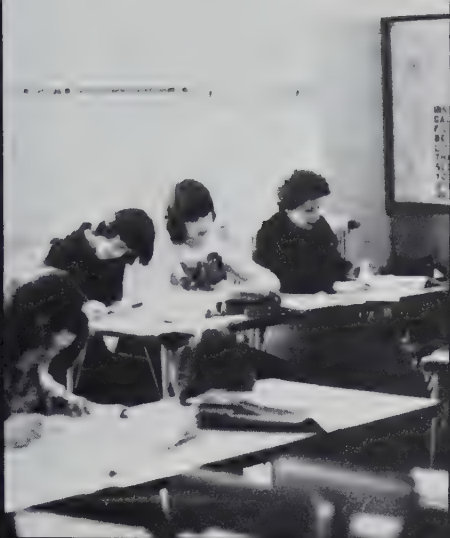

Math — The Problems of Tomorrow

Warrenton offers a variety of classes, but all of them are set on one goal. This is to teach you skills that you need when you're out in the Big World. Most students avoid math because they don't think they need it or know enough for life, but when the Senior math test comes rolling around they find out what they really know.

Math is versatile, for instance, general math is to better your math skills; Algebra I and II go into more depth to linear and quadratic equations, and functions. In geometry you learn logic and how to work geometric figures; then in Trig we go into logs and circular functions and matrices. Then there's Senior Math for those who over estimate themselves, which teaches all basic math skills.

The class of '78 began the year by planning the Welcome Frosh Dance. Due to circumstances beyond their control, it was not held, but was rescheduled.

The class considered various money making projects such as baked food sales, car washes, and a raffle.

The Sophomores really got together during homecoming and showed their spirit by hanging "Lucy in the Sky" in the hall by the library.

Connie Harper studies hard for her next class.

Many of the Juniors sold the candles during Christmas season which was a great help to the Junior class.

Homecoming was just terrible for the Junior class. To begin with, the Junior class had to remove all of the sand and leaves that they brought in to decorate their hall with. Mr. Sheehan and Mrs. LaFarge were the Advisors for the Junior class. They were proud that the Juniors took the Homecoming Trophy.

Senior's Of "76"

BOTTOM TO TOP: John Hagerty, President, Jane Newton, Secretary, Carla Hernandez, Treasurer, Wes Soukala, Class Representative, Gregg Harod, Vice-President, Kevin Dunn, Sergeant at Arms.

The Spirit of "76" is on its way!

Well, seniors our class has survived through the Freshman initiation to the uncertainty of college entrances and careers. We've come a long way these last four years, had some great friends and fun times. We're sure we'll all remember our senior year as the best, but now it's the future we must strive for.

A black and white photograph of six people standing in front of a large, leafy tree. A sign with the word 'BIOPRODUCTS' is hanging from the tree branches. The group consists of three men and three women, dressed in casual attire. The scene is outdoors, with sunlight filtering through the leaves.
